EFFECT: The amendment changes the effective date from 2015-16 to 2020-21 for the provisions addressing the new requirements of retention or intensive remediation for 3rd grade students who score a level 1 on the statewide reading assessment.

The new effective date of 2020-2021 is aligned with the school year that every 3rd grade student will have had the opportunity to participate in full-day kindergarten and have had small class sizes in grades K-3 under the current implementation schedule of the new basic education definition and funding formula which sets these two enhancements to be fully phased-in by 2018.
